

## Proper Use of Speed Best Way To Avoid Crash

The proper use of speed is one of the best means of avoiding traffic accidents, says the California Highway Patrol. "Analyses of traffic accidents reveal that speed too fast for conditions is the leading contributing factor in the majority of traffic accidents," stated B. R. Caldwell, patrol commissioner. "Usually, drivers run traffic lights and stop signs, drive on the wrong side of the roadway, and violate auto or pedestrian right-of-way because they are driving at speeds too fast for existing conditions."

"Records indicate that 36.4 per cent of all violations noted in injury and fatal accidents last year in California were charged to exceeding stated speed limits or speed too fast for conditions," Caldwell said. "The good driver recognizes the need for the prudent use of speed as a means of staying out of accident trouble."

"Obedience to the posted and prima facie speed limits is always necessary," he concluded. "However, many times speeds less than the prima facie or posted limits are required to avoid accident potentials," Caldwell stated.

## David Shinoda Wins Award

Winners of the first California State Florists' Assn. floriculture awards were announced yesterday by the department of floriculture and ornamental horticulture at UCLA.

Winner of the \$100 freshman award is David Shinoda of Torrance and winner of the \$100 Senior award is Mamoru Tashima of San Fernando. These honors are sponsored by the Growers Research Committee of the Florists' Assn.

Shinoda, son of Paul Shinoda, is a member of a well-known flower growing family, who live at 2716 Torrance Blvd. He plans to participate in the operation of the family business after graduation from UCLA.

The firm, the San Lorenzo Nursery Co., specializes in the growing of carnations, chrysanthemums and orchids for the wholesale market, which production centers at Torrance and in the San Francisco Bay area.

## Poet-Artist Team Join Talents Here

A colorful volume of poetry and drawings will be published this week by El Camino College instructor Judd Grenier and his wife Nancy.

The book, titled "Prairie Winds and Sea Winds," is the product of an "artistic collaboration" by the husband-wife team, Manhattan Beach residents. Grenier wrote the poetry and Mrs. Grenier sketched the illustrations.

Pasadena City College printed the book, which contains 25 poems and 9 drawings.

"The poems were written over a five-year period—from 1951 to 1956—and we have spent the last year polishing, arranging, and choosing the drawings which best fit the mood of the poems," Grenier says.

Locale and setting of the poetry, as the title indicates, includes both the prairie lands of the Midwest and the coastal areas of California, as well as a few European scenes.

## Lutheran School Ends First Year

A successful first year in the Christian education field has just been completed by the Christian Elementary School of First Lutheran in Torrance. Each of the initial 24 students has made excellent individual progress under the guiding hand of teacher, Mrs. Norman Schnable. Expanding facilities and a full teaching staff will allow the addition of kindergarten and a fourth grade class beginning with the September term.

A morning devotional period supplemented by a weekly chapel service along with a full school curriculum, which closely parallels public school instruction, provide a well balanced and complete school program in a Christian atmosphere.

Applications for the fall semester are now being accepted for kindergarten and grades one through four. Application forms and additional information may be obtained by calling the First Lutheran Church Office.

## LOCK DOOR ON LIFE OF 28 YEARS

Mr. and Mrs. Sidney Brooks recently bid goodbye to the home they've occupied since their marriage. Mr. Brooks explained that now that their daughter, Peggy, is married and their son, George, is with the U. S. Army in Germany, the family home on Euclid Avenue was just too big. "We were just rattling around in the place," he said, "so we sold it and bought another about half this size in another part of town. Of course, we had to figure out what to do with all our extra furniture. Well, BEKINS solved that. The BEKINS people are not only moving us—they're storing our surplus furniture, so it will be available when Peggy and George are ready for it." For moving or storage, call BEKINS: FAirfax 8-8652
